

李莎荣

Shaz

目前住在美国。

高中毕业以后,我到台湾的辅仁大学,
学了两年中文。

我在南京师范大学,学过中文。

当我在台湾的时候，我那里的朋友想给我起一个合适的中文名字。

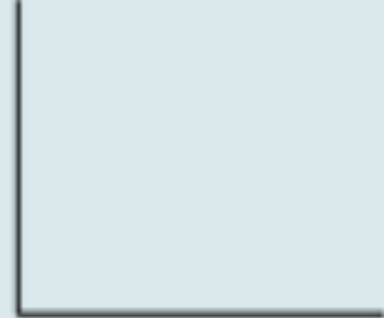

他们想了很久，
后来决定我的中
文名字就叫：

李莎荣

我刚开始学中文的时候，对我来说，
很多字的发音听起来都是一样的。

mā	má	mǎ	mà	ma
媽	麻	馬	罵	嗎
mother	numb	horse	scold	question word
				
First tone (flat)	second tone (going up)	third tone (down and up)	fourth tone (going down)	neutral tone (light)

所以当我听到他们说

“莎荣”的时候，

我还以为他们说“杀人。”

我说：“不好。”当然他们都笑我。

杀人

在一九八零年初，澳大利亚政府规定5到17岁的学生必须学习第二外语。

其实在澳大利亚的南部，
我是第一个教中文的老师。

近几年，我有两个工作。一个是我自己创建网站：Creative Chinese 创意中文

The screenshot displays the Creative Chinese website interface. At the top left is the logo for Creative Chinese, which includes a red dragon icon and the text 'Creative Chinese | 创意中文' and 'Resources and Ideas for Teaching Chinese Creatively'. To the right of the logo is a banner for 'Lesson Plans and Learning Activities for the Chinese language classroom' featuring a chalkboard with 'Back to school' written on it and various school supplies. Below the banner is a navigation menu with categories: HOME, STORE, PANDA CLUB FOR KIDS, LESSON PLANS, CULTURE, TECHNOLOGY, ART/CRAFT, CLASSROOM MANAGEMENT, LEVELS, THEMES. A breadcrumb trail shows the path: Latest Update > ids - Video #1 > 恭喜恭喜 Song > Make a Chinese Placemat - Chinese New Year > Chinese Tones Song. Social media icons for Facebook, YouTube, and LinkedIn are visible. The main content area is divided into several sections. On the left, there are two featured articles: 'Chinese Tones Song' with a video thumbnail of a teacher and students, and 'Panda Club for Kids - Animals' with a photo of sheep. In the center, there is an article for 'Old MacDonald 王老先生Puppets' with a colorful illustration of a farmer and a sheep, and a description: 'Use the puppets to help students learn the names of the animals in the song 'Old MacDonald had a Farm'. Watch the video here,...'. On the right, there is a 'Popular' section with a list of articles: 'My Family Members Rap (还有)', 'The Robot Game', '摸摸 Song', and 'Shaving cream Chinese characters'. At the bottom, there is a 'Chinese New Year' section with a blue header and a navigation bar for 'Art and Craft', 'Chinese New', and 'Videos'.

Tone is the manner in which you speak and the quality of the sound that your vocal chords produce.

Vocal tone is something that can be adjusted to a teacher's advantage.

When wanting to convey a **warmer tone**, smile as you speak.

Immersion uses the **Natural Approach** to teach Mandarin

History

Stephen Krashen and Tracy Terrell developed the "Natural Approach" in the early eighties (Krashen and Terrell, 1983), based on Krashen's five theories on second language acquisition.

"Language acquisition does not require extensive use of conscious grammatical rules, and does not require tedious drill."

"Acquisition requires meaningful interaction in the target language - natural communication - in which speakers are concerned not with the form of their utterances but with the messages they are conveying and understanding."
